Murlough Bay - Storms End

Located in North East County Antrim, Murlough Bay is an awe-inspiring location. Murlough is best known for its outstanding beauty, remoteness and views across the sea to Rathlin Island and the Mull of Kintyre. Plus the cows that sometimes graze along the sandy dunes. Murlough Bay becomes the Iron Islands in Season 3. This is the spot where Theon Greyjoy rides on the horse with his sister Yara. It's also the spot where Davos Seaworth is shipwrecked after the battle of Blackwater Bay.

Larrybane - The Stormlands

Meaning the 'ancient white site', a classic Storms End situ with its panoramic views of the limestone cliffs and ocean. Larrybane was the site of a promontory fort dating back to 800AD and the caves below were home to boat builders and a safe haven during winter storms (how apt!).

Several key scenes were shot at this dramatic coastal location, including Brienne beating Ser Loras and earning a place in Renly's Kingsguard as a reward. At Larrybane Renly swears to Lady Stark that he will avenge Ned's death, then meets his end at the hands of Melisandre's shadow baby; Margaery confides to Littlefinger (following Renly's death and with Stannis' fleet off-ashore) that she wants to be Queen; and Davos tries to tell Stannis what he witnessed in the cave with Melisandre.

Because no trip to this part of the world would be complete without it!
